

## A glance at the journey the past year.

Your missions re-write life stories. That is what this report is about. God allowed us to present a Christian approach to the problems of our world through what we do. The gospel of Jesus Christ, His Word, addresses hatred, war, poverty, and the lethal lies of the devil. Missions you support solve them at the source when good policies and welfare treat symptoms.

Just as Moses lifted up the snake in the wilderness, these missions lift up the Son of Man in the spiritual wilderness of South Asia and Africa. Lives bitten by sin, look up to our Savior and are freed from sin. None is more attractive and powerful, than a person set free by the truth of the gospel.

Thank you for choosing Sanma as a channel for your missions. May His joy be your strength!

Respectfully,

**Water scarcity is a growing problem, a big business, and the supply is politicized.**

Water Wells help to make lives easier, and to heal divisions in the communities.

Water  
Well-  
India

In South Africa water wells mean time saved for Christian widows.

They used to spend half of their days bringing water from the next hamlet.

Our well serves a church and the local community.

Sanma rebuilt their church, helped to start fish tank.

Backyard Farm Project in Malawi, Zimbabwe, and South Africa.

People discover the resources God has trusted with them.

More than 2,000 families have received seedlings, fertilizers, and training.

Sanma cutom produces blankets with scripture printed on them. As the recipients enjoy the warmth of a blanket, they also get a chance to read a word or two from the scripture printed on them.

Psalms 107:20 “He sent His Word, and healed them.”

Charity without the gospel addresses only the symptom. Not the source.

## Livestock and seedlings for community through local churches in Malawi, Central Africa.

“Poverty is a problem our government is concerned about. And they try to solve it. Occupational Missions reach where the problem begins. Now we are agents of solutions through missions.”

- Pastor Fred Chimbe, Chikwawa, Malawi.

Pictured with his goats, Chimbe is a local Pastor, a government School Teacher, and father of seven children.

Shoes for street children.

Reach them with God's love. Motivate them to go school.

Shoes, clothes, and basics for orphans at government educational facilities, help students to stay in school.

## Countries where we supply Bibles, and the languages

When fully loaded, the machine carries about one ton of paper between two reels and prints about 500,000 pages an hour.

Bible is made on a paper specific for the particular use. Only a handful of mills in the world produce them.

Sanma imports paper from Indonesia, Finland, and Japan. Typically, each pallet is 2-reels stacked vertically. A reel is around 12 miles long of paper, and weighs around 1,000 pounds.

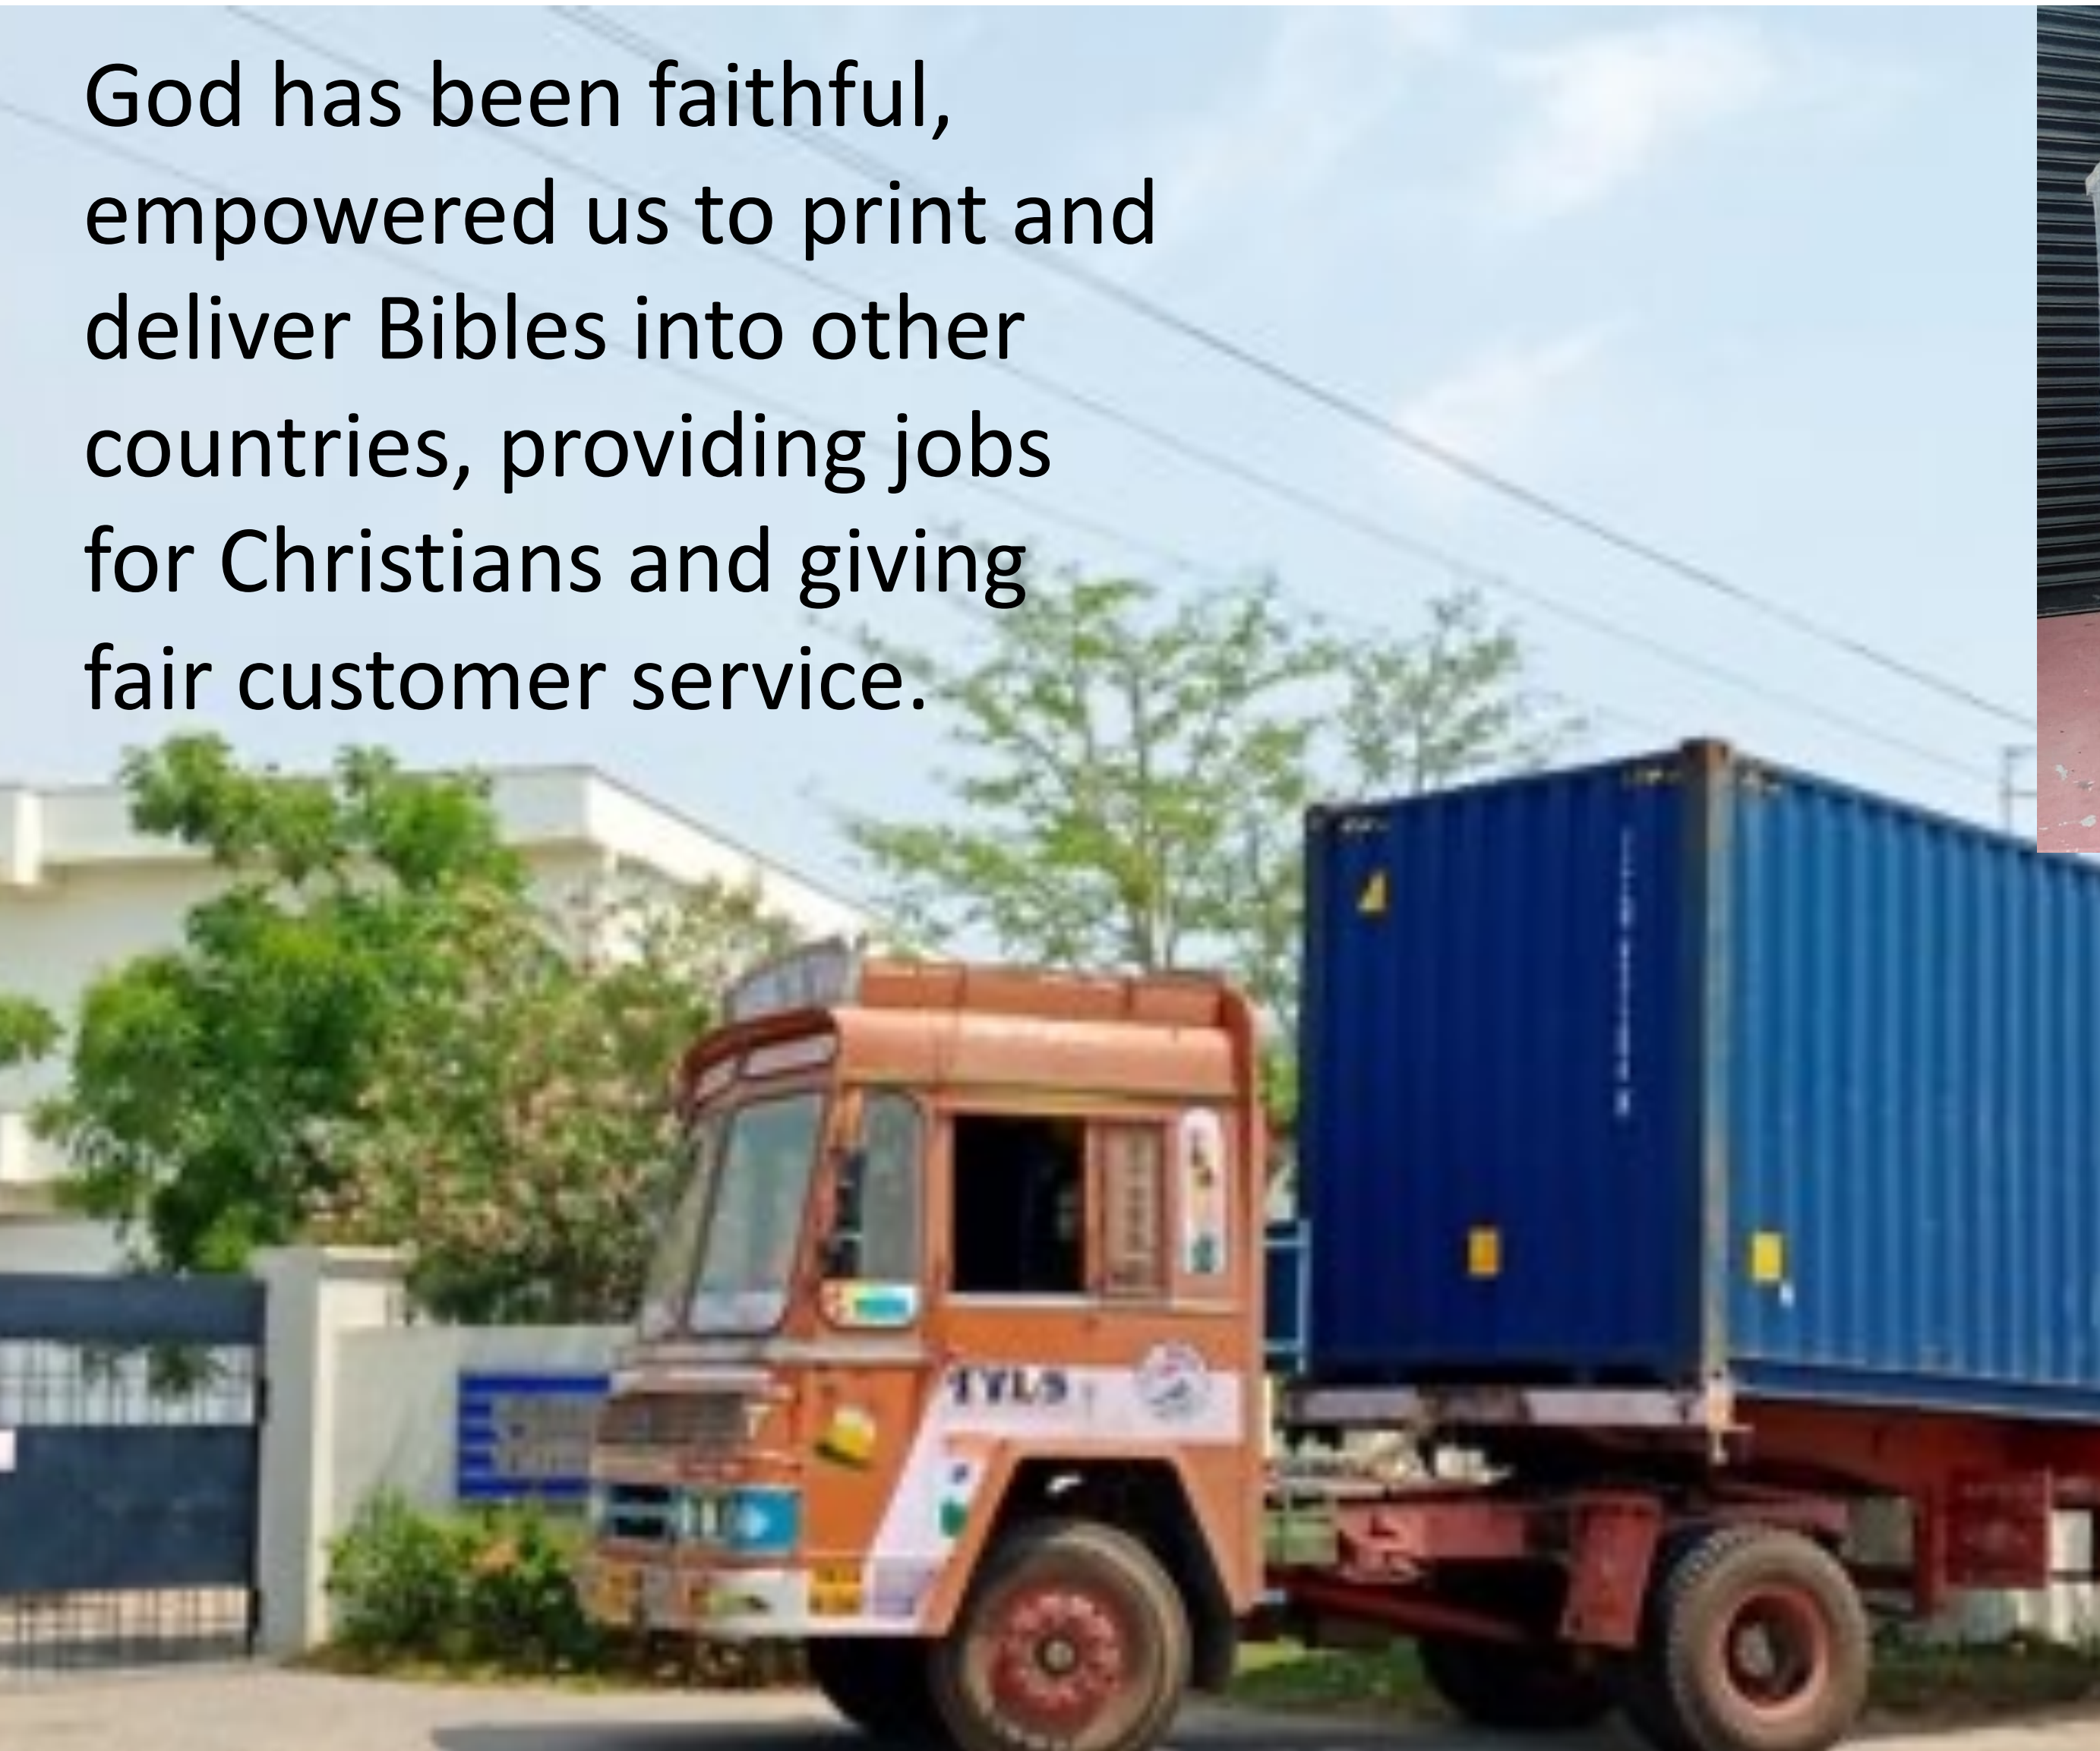

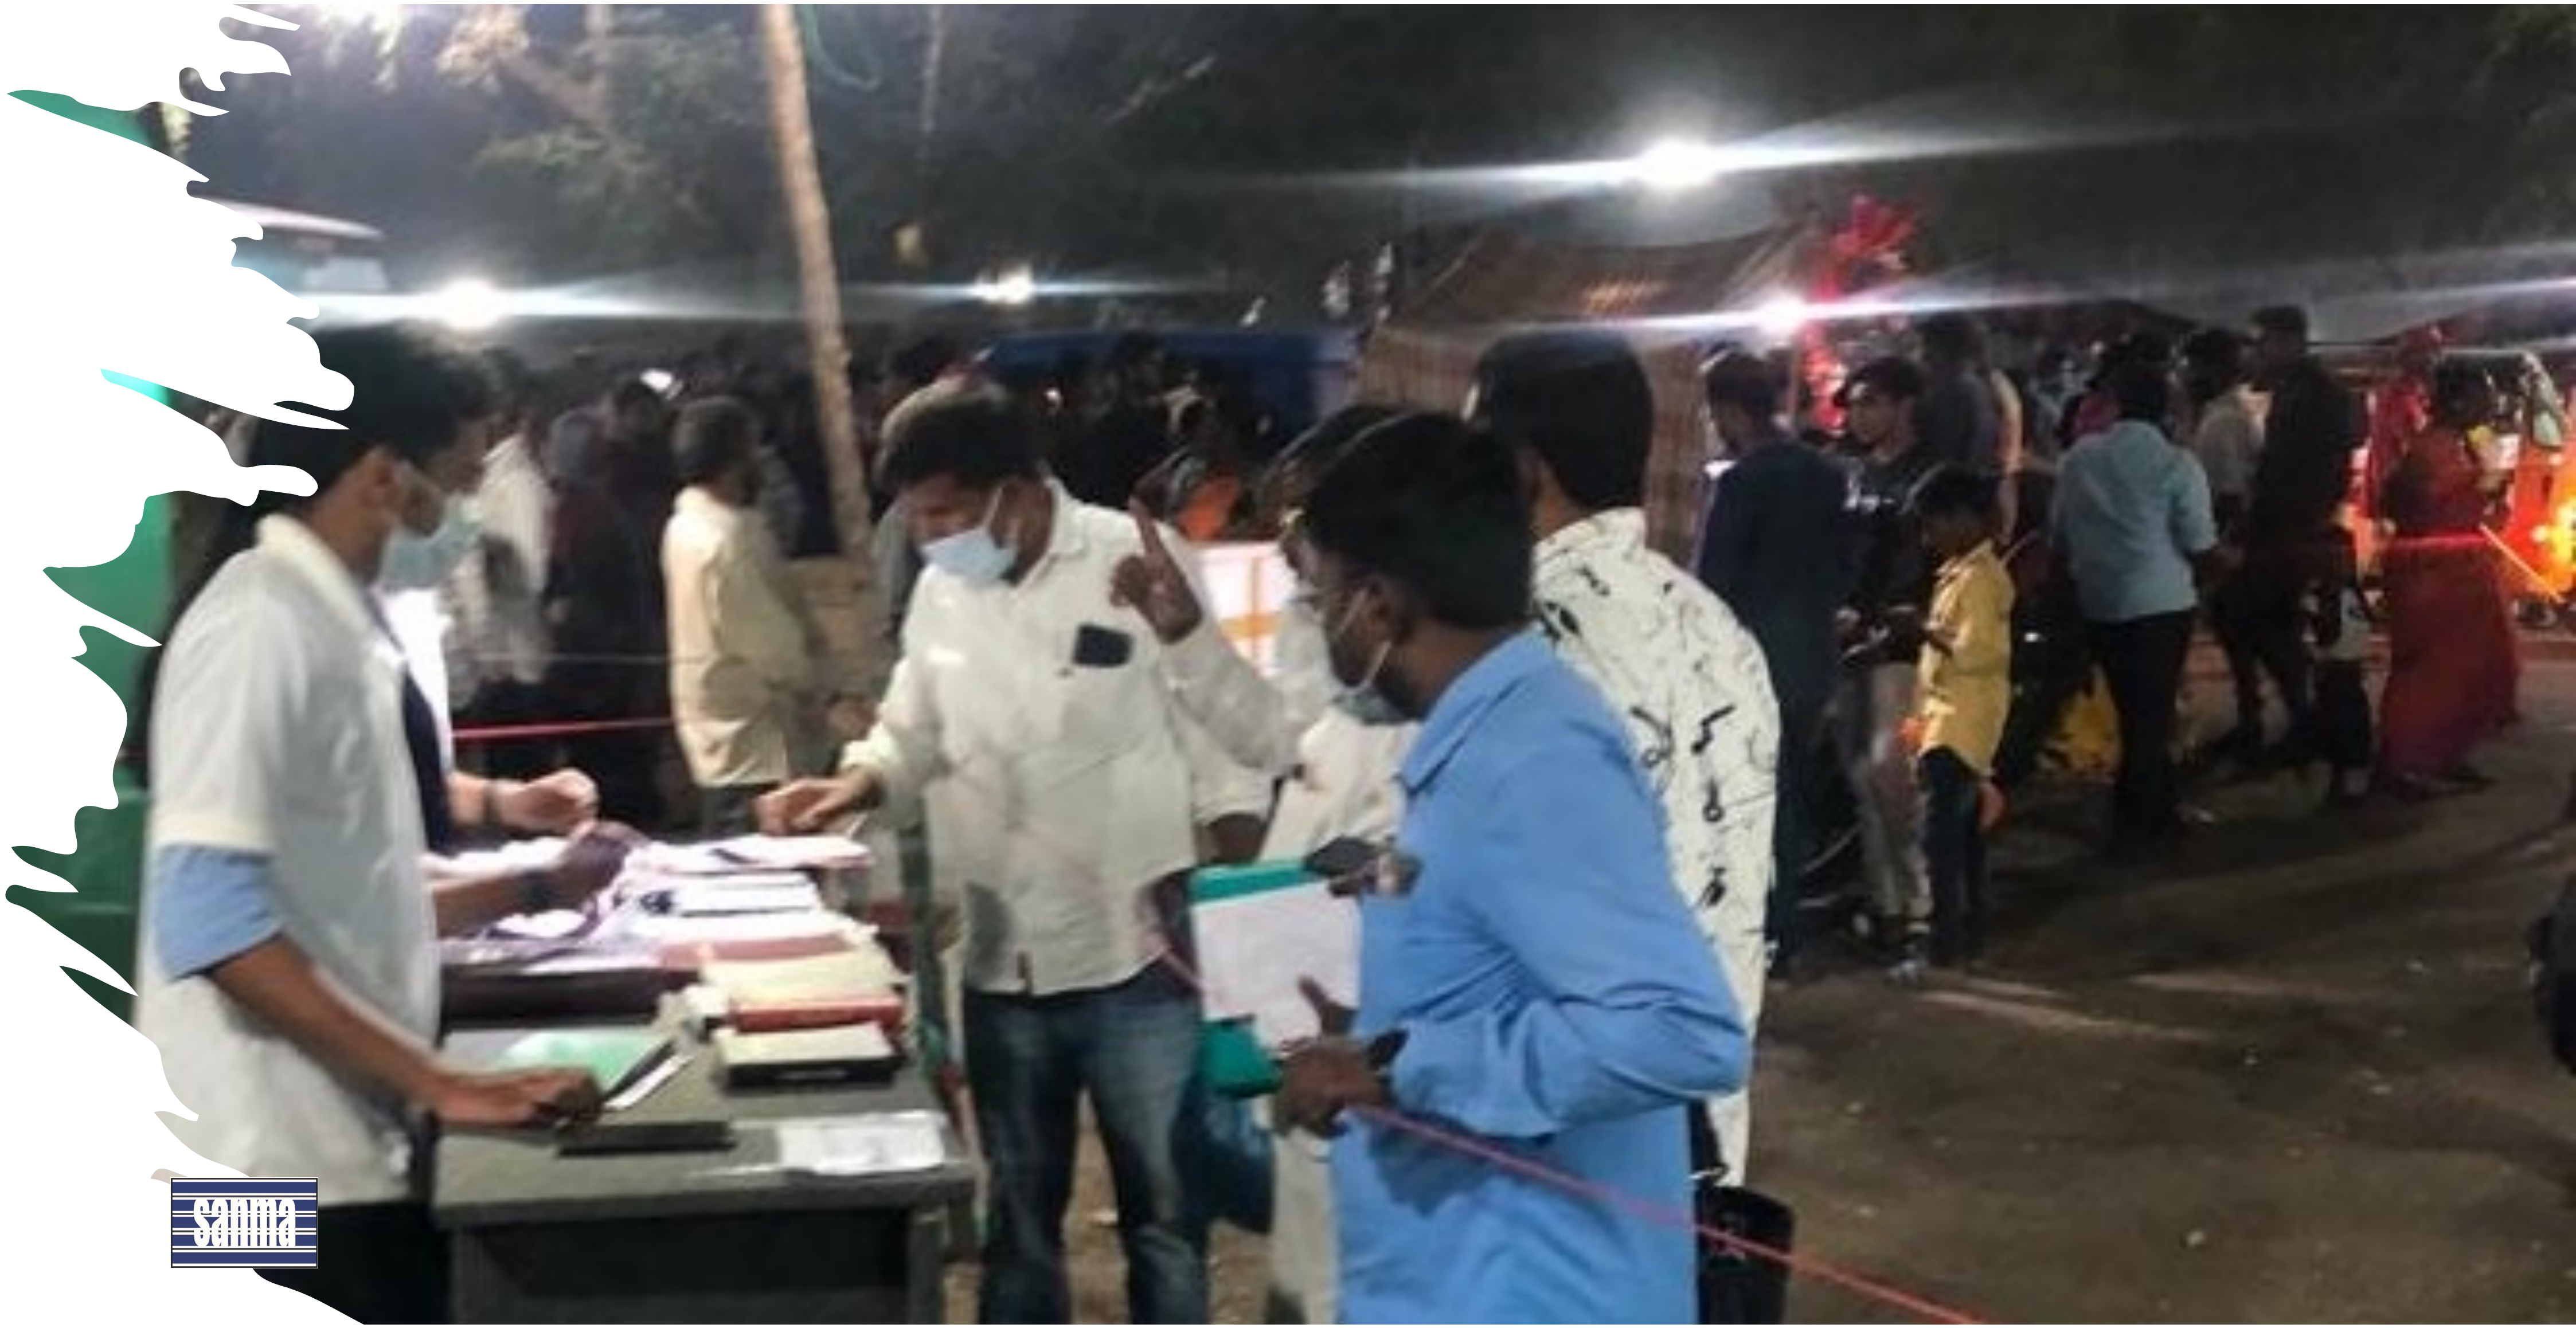

God has been faithful,  
empowered us to print and  
deliver Bibles into other  
countries, providing jobs  
for Christians and giving  
fair customer service.

Sanna

Each year more than 50,000 people visits Sanma Bible exhibition where Bibles in various languages, sizes, and types and displayed, and sold during a four-day event that coisides with a state Christian convention.

Shoes, clothes, and basics for orphans at government educational facilities, help students to stay in school.

**Sound system, Gospel tracts and support for missionaries make the truth known, introduces the Savior.**

Providing the tools and support for the evangelistic missions have nurtured the bond between the local churches as they are invited each other to support in their missions with the tools and team members.

The most exciting part of our work anywhere is that people come forward to receive the Savior Christ into their hearts and lives. Then all is changed.

# Governing Body and Financials

## Pastor Mike Clark

*Chairman, Board Member*
